Andy,

Can you please look liaise with CAS on this. We have not received any information at the EOC with regards to children, we know they are there but again have not received complaints specifically to us.

Sorry Jen, I sent with no context. Jason Bellaire told me to direct to you for your attention.

Hello Chief Muzuno

I am giving you a heads up that we are receiving an substantial increase in calls and inquires asking CAS to "do something" about children being present at the boarder blockade and protest. I am working on crafting a community message/response. Assuming there is a comprehensive strategy developed by your police force, please let me know if there is anything you think we could do to support or work on together as the tensions and pressure mounts in responding to the protest. I am hopeful that this protest ends soon and hope all your officers and staff are safe in responding. Thanks

Derrick
